

Can You Guess What I Am???

Would you be interested, if I told you I can show you a **FREE Community-Service program** that will **increase a child's grade point average approximately 20%** or more???. This is very critical to At Risk Kids.

This program also teaches them **20 of life's lessons** that every parent would like to teach all of their children.

This program teaches anybody from 6 – 60 to **think outside of the box to solve their everyday problems in Life & Business.**

Teaching Senior Citizens this program helps prevent Alzheimer's in 60% of Seniors. By the way, **this program is thousands of years old** but most people don't realize how important this program is especially to children in school.

Many Colleges make this a **mandatory business credit course** because it is extremely effective teaching business skills. There are over 1900 Colleges & Universities that offer college scholarships for this program.

OK, this program teaches anybody, especially students, to focus, think strategically and realize that their actions have consequences, plus while they are learning this system, their grades automatically go up, especially Math & English. This program has a strong advanced math learning ability. This program also teaches basic and advanced business skills that **EVERY** businessperson, male and female, can put to good use immediately.

Educators and any Business person can take advantage of this centuries old program, to increase their success in college or business.

Figured out what it is yet???? Don't worry, most people don't.

Would this be the kind of program that you think would be important enough to support through, either sponsorship or participation?

Last Hint: This is a **FREE Community-Service Project** that you can help put into schools, churches, Big Brothers Big Sisters, YMCA youth groups.

CHECKMATE!

It's the Great Game of Chess, **Taught Correctly.**
